

City of Sidney - Job Posting

Job Title **Water Treatment Superintendent**
Department: **Water Treatment Plant**
Supervisor: **Utilities Director**
Range: **\$64,501 - \$80,454**

Job Description Summary:

Nature and Scope:

The Water Treatment Plant Superintendent is responsible for the continuous operation and maintenance of a Class IV Water Supply Works and the delivery of safe, clear and sufficient water to the community. The Water Treatment Plant Superintendent is a division head, within the Utilities Department. This position reports to the Director of Utilities and at times will be required to consult with various Department Heads. The incumbent is expected to work closely with other City departments and division heads to integrate related work activities. This position must also communicate and exchange information with state regulatory agencies, vendors, consulting engineers, news media, civic organizations, and city and county residents.

Requirements:

- ❑ An associate's degree or ability to obtain within 24 months. Bachelor's degree in science or engineering preferred.
- ❑ Experience in a Superintendent position, preferred.
- ❑ A valid Ohio Class IV Water Supply certificate or a Class III certificate, with the ability to obtain a Class IV certificate within the time limit required by the EPA.
- ❑ A minimum of five (5) years experience in a Class III plant or higher or Bachelor's degree in Science or Engineering with three years in a supervisory role
- ❑ Extensive knowledge of operation of a lime-soda water treatment plant and the associated lab work.
- ❑ Ability to effectively communicate with the public and co-workers.
- ❑ Mechanical ability and experience in the maintenance of a water treatment plant.
- ❑ A valid Drivers License.
- ❑ Knowledge of the Ohio EPA's rules and regulations for Backflow Prevention and Cross Contamination of water supplies.
