Sidney Police Department Teen Workshop

Not only will students get a first-hand look at policing by completing a 4 hour ride along with an officer, but he or she will also get to learn from officers, staff, and guest speakers in their areas of expertise.

Students will learn how the department operates to serve the community and what it's like working in the field of law enforcement.

Students will learn from a variety of ways ranging from:
classroom presentations
to
investigating and processing a mock crime scene
to
participating on SPD's new state of the art Use of Force Simulator

The ultimate goal of the program is to:

“Build bonds between the Sidney Police Department and our students through trust and understanding.”

This workshop will meet for three days in a row and encompass education, career exploration, and relationship building between our students and the Sidney Police Department

Community policing is a crucial aspect of supporting successful crime prevention and control. It also ensures that open lines of communication are available to discuss evolving topics and social trends within the law enforcement profession.

Cooperation between the community and the Sidney Police Department will create an organized and effective crime prevention effort.

We look forward to working with you to build a stronger, more crime resilient community!

“It is the vision of the Sidney Police Department to exceed the expectations of our community, to adapt to the ever changing challenges, and provide the highest level of service and protection to our citizens.”

“Together we can make this a great place to work and live.”

Chief of Police William Balling
Sidney Police Department
